

Improve blowing efficiency with SMC's impact blow gun

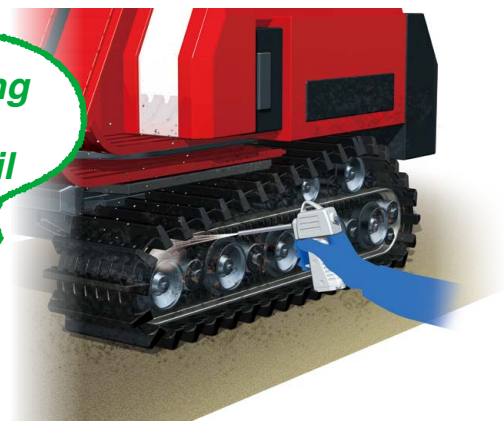

Point!

***Instantaneous air release allows for the removal of dirt
that could not be removed by normal air blow***

***For blowing
away
solidified soil***

***For blowing
away
sticky soil***

IBG Series

Compressor electricity costs can be reduced.

Air consumption

87%^{*1} reduction

^{*1} Pressure: 0.5 MPa (Based on SMC's specific testing conditions)

4 adjustable pressure levels

Displays the number of adjuster rotations from **1** to **4**

Adjuster

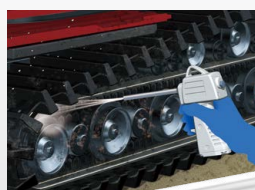

The pressure can be easily changed by turning the adjuster.

For blowing in narrow spaces or from a distance

Long nozzle

Nozzle length: 50/100/150/300 mm^{*2}

^{*2} 600 mm and 1000 mm nozzle lengths are also available separately. Contact SMC for details.

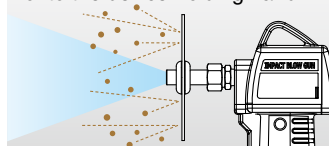

For those concerned about noise

Long nozzle with a silencer

Chip guard

For preventing dirt from bouncing back onto the device-holding hand
